

Mission Statement

- LOYAL is a wholly owned Pakistan Freight Forwarding company with worldwide service coverage. Our field of expertise in the freight forwarding industries focuses on worldwide logistics for air and ocean freight, road feeder and expresses services throughout Pakistan for both inbound and outbound cargo.
- Our primary interest is with our customer's wide variety and constant need for change in the procurement and distribution of products. Our customized handling procedures guarantee a smooth and cost-effective transport for all types of cargo.
- Our staff is included in the definition of our objectives and strategies. Motivated, flexible, well trained and responsible professionals are the key to our excellence.
- LOYAL goal is to maintain a long-lasting and prosperous relationship with our suppliers, partners and customers.
- A thorough selection of partners around the world enables us to offer sophisticated solutions for global logistics to its international clientele.
- Permanent growth of LOYAL is a product of high performance combined with an unparalleled level of customer satisfaction.

Service & Infrastructure

- LOYAL achieved in its **26** years of existence great success and growth. Presently, we are located in strategic locations as listed below:

1) Loyal building, Opposite Custom House, Nabha Road, Lahore 54000-pk

2) Suite#21,7th Floor Arkay Square Shahra-e-Liaqat New Chali, Karachi74000-pk

3)D-81,Gwadar creek city ,Gwardar Port ,Pakistan

Our personnel are well equipped to handle and perform all kinds of requests, such as transporting, inform packing, wrapping, labeling and customs clearing. This is true coupled with their experience and cooperative nature of work attitude.

- Our state-of-the-art information technology ensures online tracking and tracing, an up-to-date customer service department and complete operational (handling) features. As part of a would be member of local freight forwarding body, we support the continuous development of the paperless processing software called "SMK".
- The systematically changing demands, in terms of complete integrated logistic solutions, are one of our major tasks. Utmost process, information and "cargo flow" improvement is our targets on a daily basis. Our incessant urge for better solutions, helps our clientele to perform their business at lower costs and therefore to grow more competitively in their markets.
